

INSTALLATION INSTRUCTIONS

Part Number KA-6085

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Clean the air filter sealing surface and the air box cover.
3. Apply a thin layer of the provided K&N Sealing Grease to the air filter sealing surface in the air box.
4. Install the K&N Filtercharger® into the lower right hand corner of the air box first. (Fig. 1)
5. Gently work the K&N Filtercharger® into its correct position. (Fig. 2)
6. Install the provided screw and stock metal washer onto the K&N Filtercharger® and tighten.
7. Reinstall the air box cover.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
